

Summer  
JUNE 2021 JULY

# KREMS

REPORT: Nina Pagalies  
Artist in Residence from BERLIN  
at AIR nÖ

A long-eared owl, a fancy woodpecker  
and a posh perch greet me on  
the nature trail in STEIN  
NATURLEHRPFAD

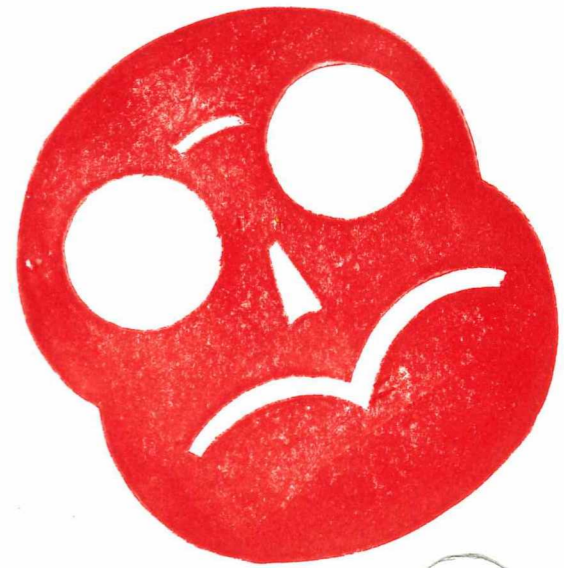

The ringing, singing, tinkling  
wine barrel makes me laugh  
in the basement of the STADTMUSEUM  
museumkrems

This - and also the exhibitions in the AIR-neighborhood  
offer cool refuge on hot summer days...  
Nature, art, history and a jail - exiting mix all around...

Hike in the vineyards and in the shady woods  
is just the ultimate change of wallpaper for me -  
coming directly from Berlin-Big-City-dust.  
I saw an emerald-lizard and a stag beetle!  
But I also like to visit Vienna - great city - of course!  
Art Nouveau everywhere and impressive architecture  
alongside Wiener Würstelstände - wonderful!  
- and in Krems the Marillen - harvest  
begins in July, don't miss out on trying some...

INSPIRATION

MOTIVATIONAL KICK  
after the first week:  
• Gottfried Gusenbauer and  
• his team shows me the wall  
\* in the KARIKATUR MUSEUM  
where my not-yet-existing-works  
should be placed...  
I start printing!  
the same day!

Packagings, saved from my first  
supermarket-trip, become a source  
of inspiration and actually the material  
for the monoprinting-technique I do.  
I invent illustrations for poems by

CHRISTINE NÖSTLINGER

In November there will be an exhibition\* of  
her work in which I will take part.

A great pleasure to work with  
this dialect poems  
"Iba de gaunz oamer Kinda"  
dark & deep - but at the  
same time surprising amusing!

I hear a lot FM 4 - on radio - singing WANDA-hits  
and dancing barefoot with the lineprint-roller...  
No - not drunken with Veltiner - only icotea-  
gunpowder at work!  
Yes - I eat Marillen fruits and Marillen-  
dumplings - and Marillen-jam!  
Great thanks to the wonderful AIR-TEAM  
-> JOHANN + FLORA and also the amazing Kunstmeile-TEAM  
makes it easy to get ahead with planning/working  
and to do the right decisions!  
SUPER SUPPORT!
